

D & J
PLASTICS, INC.

About D&J

We have over 45 years of experience in the soft plastic lure manufacturing business. Our founder, Dennis Montgomery, began in 1976 when he was hired by Tom and Don Mann at one of the first plastic injection molding companies in the fishing industry. In 1997, Dennis and his wife, Joyce, started D&J Plastics in a small building with only 3 employees and 2 customers. We now work for over 400 brands in 16 countries, ranging from your local mom and pop shop to national brands and major retailers. We currently have two facilities that allow us the ability to manufacture a wide range of products to meet customer needs. Our primary operation located in Georgia was recently expanded, bringing it to over 65,000 square feet. Our second facility, which is located in Guatemala, is over 50,000 square feet and offers a differentiated range of production services allowing us a strong combination of machine and hand labor manufacturing. Both facilities are ethically run to all safety and environmental regulations.

F.A.Q.

What if the color or bait I want isn't listed?

We can make any bait or color that you can imagine.

Non-stock colors require a minimum order of 10,000 pieces per color (5,000 piece runs are available for a 20% up charge).

We also have relationships with multiple mold manufacturers, so if you have a bait idea give us a call and we can help make it a reality.

Can you also make terminal tackle?

Yes, we have recently expanded our terminal tackle manufacturing abilities. If you need jig heads or other terminal items for crappie, bass, or any other species, give us a call! For stock items see pg 23.

How can I find out more information?

Call us weekdays from 8-5 CST at 229-334-4200.
